

MST. SHADIA NOOR MOU

SOFTWARE ENGINEER | AI/ML & FULL-STACK DEVELOPER | RESEARCH ENTHUSIAST

Rajshahi, Bangladesh | 01760521131 | shadianoormou.cse@gmail.com

github.com/shadianoormou | linkedin.com/in/shadia-noor-mou | leetcode.com/u/shadianoormou

EDUCATION

B.Sc. Computer Science & Engineering

Varendra University, Rajshahi
2022 - 2026 | CGPA 3.78 / 4.00

HSC - New Govt. Degree College,
Rajshahi
2021 | GPA 5.00 / 5.00

SSC - Govt. P.N. Girls' High School,
Rajshahi
2019 | GPA 5.00 / 5.00

TECHNICAL FOCUS

- Python, Java, C, C++, C#
- JavaScript, SQL
- React.js, Next.js, Tailwind CSS
- Node.js, Express.js, REST APIs
- MySQL, SQL Server, MongoDB
- ASP.NET, .NET MAUI
- TensorFlow, Keras, CNN, BiLSTM
- Git, GitHub, Postman, Kaggle

LANGUAGES

Bangla - Native
English - Professional working proficiency

CORE STRENGTHS

Teamwork | Leadership | Communication
Problem solving | Research | Presentation
Time management | Adaptability

Professional Profile

Software Engineer and Computer Science & Engineering graduate with practical experience across full-stack development, applied AI/ML, research-based software, and competitive programming. Builds responsive products with React.js, Next.js, Node.js, Python, SQL, C#, .NET MAUI, and ASP.NET. Interested in reliable systems, clean interfaces, machine learning engineering, and meaningful community impact.

Professional Experience

Software Engineer | Professional journey

2026 - Present | Professional experience

Started my professional journey building thoughtful software products with a focus on practical engineering, continuous learning, and meaningful impact.

- Full-stack product thinking
- Practical software engineering
- Continuous professional growth

Machine Learning Engineering Intern | FlyRank AI

July 2026 | Professional experience

Selected for the FlyRank AI Internship Program to learn from a fast-moving team and contribute to impactful AI solutions for modern search and organic growth.

- Machine learning engineering
- AI search and organic growth
- Hands-on team learning

Selected Projects

Aura_Studio - UGC Creator Portfolio & CMS

Next.js, React, TypeScript, Vercel Postgres, Vercel Blob, Responsive CSS

Designed and built a premium portfolio platform for a Bangladesh-based UGC creator, combining a responsive public portfolio with a private PIN-protected creator CMS.

- Animated work gallery, client feedback carousel, and contact inquiry flow.
- CMS for portfolio items, media uploads, publishing status, and inquiries.

[GitHub](#) | [Live site](#) | [LinkedIn](#)

Aurevia Care - Digital Pharmacy & Care Navigator

React, Express, Microsoft SQL Server, Azure SQL, Voice Search, Healthcare UX

Built a safety-first digital pharmacy and Rajshahi care-discovery platform designed around pharmacist-led fulfilment and verified local care listings.

- Medicine browsing with secure prescription upload and pharmacist review.
- Inventory and order controls, voice search, and verified local care discovery.

Selected Projects - continued

Image-Based Malware Classification using Hybrid CNN-BiLSTM

Python, TensorFlow, Keras, CNN, BiLSTM, NumPy, Pandas, Scikit-learn, Kaggle

Research-based malware family classification using image representations of malware samples and a hybrid CNN-BiLSTM deep learning architecture.

- Handled dataset inspection, preprocessing, model training, evaluation, and confidence-threshold analysis.
- Reported 96.13% test accuracy and 96.25% weighted F1-score in project documentation.

[GitHub](#) | [LinkedIn](#)

LeetCode Solutions Repository

Python, Data Structures, Algorithms, Competitive Programming

Topic-wise Python solutions maintained to strengthen coding interview and competitive programming fundamentals. The public repository is linked directly for current progress.

- Organized across arrays, strings, graphs, dynamic programming, and shortest paths.
- Repository contents and last updated date are reflected from GitHub on the portfolio.

Achievements & Leadership

- IOY Ambassador 2026-2027 and Delegate for International Youth Conference 14, New York City.
- Community Volunteer, Bangladesh Red Crescent Society, Rajshahi City RC Unit.
- 1st Runner-Up, NASA Space Apps Challenge Bangladesh 2023, Rajshahi.
- Galactic Problem Solver, NASA International Space Apps Challenge 2023.
- 1st Position, Practical Spoken & Written English Examination, Project Hexway, 2026.

Research Interests

AI/ML and image classification, database systems, computer networking, image processing, and research-based software development.

Certifications & Training

- Build a Flutter Project with AI Assistance - Business Automation Ltd., 30 hours, 2025.
- Next Gen InnovX Training Program - Business Automation Ltd., 24 hours, 2025.
- Learn UI/UX: From Fundamentals to Prototyping - Business Automation Ltd., 10 hours, 2025.
- ML Data Preprocessing Crash Course - Business Automation Ltd., 2 hours, 2025.
- How to Build Your Career in DevOps - Business Automation Ltd., 3 hours, 2025.
- Practical Spoken & Written English Preparation Course - Project Hexway, 2025-2026.
